It is the heart of the University and acts as a center for the collection of literature predominantly related to management and its allied subjects and develops a comprehensive collection of information that is useful for teaching and reference purposes. User satisfaction is the prime. The library is situated in building with a growing collection of Books, Journals and other reading materials.

About FHSLA

FHSLA is a registered association popularly known as "Federation of Health Science Libraries Associations". It originated out of a discussion at the National Conference on "Open Access to Health Information, 9th-10th February 2018". The participants at the conference felt a need of all India level federation to look after the interest of the Medical Library Professionals and their Local and Regional associations in pursuance of this idea and unanimously resolved to establish FHSLA in the concluding session of the conference on 10th Feb. 2018. FHSLA is committed to up-lift the health science libraries in every aspect. It is equally dedicated to overall progress of librarians and library professionals, their status and service conditions. An effort in this regard has already been initiated by giving representation to authorities concerned for improving service conditions of Library professionals. FHSLA is making constructive efforts in professional development by bringing all health science librarians on one platform. It seeks support and contribution from all, as we know "United We Stand" in building health science library profession more vital and strong in the country. To know more on FHSLA please visit its website <http://fhsla2018.org/> which was launched by the Chairperson MCI on 24th July 2018.

About RMLA

The Rajasthan Medical Library Association (RMLA) was founded on 3rd July 2017. The RMLA believes that quality information is essential for health sciences librarianship. Our vision aspires to be the most visible, valued, and trusted health information experts. The RMLA fosters excellence in the professional practice and leadership of health science library and professionals in order to enhance the quality of health care, education and research throughout India as well as around the world. RMLA remarked it's bout through organizing a Two days National workshop on "Future of Library Services & Technology Solutions" at S.M.S Medical College, just after its registration.
